GAGAN S S

PRODUCT MANAGER

Product Strategy & Vision | Value Proposition | Problem Definition | Roadmapping & Prioritization | MVP & Requirements | PLM

gaganshiremath973@gmail.com | +91 8660123175 | Bengaluru , Karnataka, India, 560072

Product Manager with 5+ years of experience shaping **product strategy**, translating business challenges into product opportunities, and driving **cross-functional execution** across enterprise technology, analytics, and AI-driven solutions. Strong in **product vision, customer discovery, roadmap ownership, opportunity assessment, requirements definition, MVP scoping, and data-driven prioritization**. Combines business acumen, analytical rigor, and technical depth across **Agentic AI, Generative AI, LLMs, RAG, and Machine Learning** to evaluate solution trade-offs, define product success criteria, and align product capabilities with customer needs and business objectives. Focused on building scalable, high-value products that drive adoption, operational efficiency, and sustainable business impact.

WORK EXPERIENCE

MU SIGMA
Product Manager – AL — **June 2025 – Sept 2026**

- **Product Strategy & Roadmap**: Defined product direction and prioritized AI use cases for **Fortune 50 clients**, translating complex business **challenges into scalable solutions and delivery roadmaps**.
- **Customer Discovery & Adoption**: Led **senior stakeholder discussions to identify workflow automation opportunities** and align AI solutions with business priorities, contributing to **3× client adoption**.
- **Product Architecture & Scalability**: Shaped **multi-agent AI solution design**, balancing reliability, latency, cost, and scalability; established a reusable architecture adopted across **8+ client implementations**.
- **AI Product Evaluation**: Established **offline and online evaluation frameworks** for accuracy, reliability, latency, and cost to guide product improvements and assess solution readiness.
- **Cross-Functional Leadership**: Led and aligned a **40+ member cross-functional team** spanning business, AI/ML, data science, and delivery to drive product priorities, manage dependencies, and execute enterprise AI initiatives **end-to-end, from discovery through deployment**.

VALUE GROUPS
Product Manager — **Mar 2024 – May 2025**

- **Product Strategy & Value Proposition**: Identified gaps in SLA **KPI visibility** and defined a product vision to transform unstructured documents into **actionable business insights**.
- **MVP Scope & Requirements**: Owned **MVP definition** across four core components—**automated document parsing, OCR-based KPI extraction and LLM-based schema mapping, Power BI dashboards, and a RAG chatbot**; translated business requirements into **user stories and acceptance criteria**.
- **Product Impact & Efficiency**: Delivered an **end-to-end KPI intelligence solution**, enabling visibility into **15 core SLA KPIs and 50+ additional business metrics across 7 document types**, reducing manual processing and reporting time by **85%**.
- **Product Adoption & User Experience**: Drove adoption across **500+ teams globally** through dashboards and conversational queries, reducing KPI information retrieval time by **90%**.

THE TIMES OF INDIA (BCCL)
Officer - ML & Data Analyst — **Mar 2023 – Feb 2024**

- **Predictive Modeling & Ad Targeting**: Developed and optimized predictive models for digital ad targeting using audience behaviour and campaign performance data, **improving targeting accuracy by 40%** and contributing to a **18% increase in advertiser ROI**.
- **Audience Analytics & Campaign Optimization**: Analysed audience segments, engagement patterns, and campaign performance to refine targeting strategies and personalized ad recommendations, aligning ML-driven insights with advertiser objectives and campaign effectiveness.

BYJU'S
Data Analyst — **July 2021 – Feb 2023**

- **Data Analytics & Conversion Optimization**: Analysed sales funnel performance, lead conversion, customer segmentation, and acquisition trends to identify performance gaps and uncover data-driven opportunities to improve sales targeting and conversion efficiency

CORE SKILLS

Product Management Core
Product Strategy | Product Roadmapping | Go-to-Market Strategy | Customer Discovery | Requirements Gathering | Problem Definition | Feature Prioritization (RICE, MoSCoW) | MVP Definition | Product Launch Management | Backlog Management | OKRs & Goal Setting | Stakeholder Management | Value Proposition Design & Product Positioning | PRD Development| User Stories & Acceptance Criteria | Product Success Criteria| Agile & Scrum | Risk & Dependency Management

AI Product Management & Technologies
Agentic AI | Multi-Agent Systems | Generative AI | Large Language Models (LLMs) | Retrieval-Augmented Generation (RAG) | AI Workflow Design | Prompt Engineering | Model Selection | AI Guardrails | Human-in-the-Loop | Machine Learning | Predictive Analytics

AI Evaluation & Quality
AI Evaluation Frameworks | Model Quality Assessment | Offline & Online Evaluation | Accuracy Assessment | Latency & Cost Optimization | Production AI Reliability | Error Analysis | Model Performance Monitoring | Feedback Loops

Product Metrics & Experimentation
Product Analytics | KPI Tracking | A/B Testing | Experiment Design | Data-Driven Decision Making | Funnel Analysis | Conversion Optimization | Success Metrics Definition

Leadership & Execution
Cross-Functional Leadership | Team Leadership | Executive Communication | Stakeholder Alignment | Delivery Management | Mentorship | Conflict Resolution

Business & Strategy
Business Strategy | Revenue Generation | Competitive Analysis | Market Opportunity Identification

Technical Skills & AI Platforms
Python | SQL | Machine Learning Models | LangChain | LangGraph | LangSmith | Azure OpenAI | Azure AI Document Intelligence | Azure AI Foundry | Power BI

Development Tools
OpenAI Codex | Windsurf | Claude Code | Git | GitLab

EDUCATION

Master of Technology (M.Tech) – Part-Time
University Visvesvaraya College of Engineering – IIT-model | Bangalore University

Bachelor of Engineering
East West College of Engineering | Visvesvaraya Technological University

CERTIFICATIONS

IBM Data Science Professional Certificate
Product Management – Certisured
