GAGAN S S

PRODUCT MANAGER | PRODUCT STRATEGY | AI & DATA PRODUCTS

gaganshiremath973@gmail.com | +91 86601 23175 | Bengaluru, Karnataka, India
Portfolio | **LinkedIn** | **GitHub**

PROFESSIONAL SUMMARY

Product Manager with 5+ years of experience across product strategy, analytics, machine learning, and digital product development. Drives end-to-end product work from customer discovery and problem framing through roadmaps, PRDs, MVPs, delivery, launch, and iteration. Combines data-driven decision-making and cross-functional leadership with expertise in Agentic AI, Generative AI, LLMs, RAG, predictive analytics, and offline/online AI evaluation - balancing customer value, model quality, reliability, latency, cost, and measurable business impact.

CORE STRENGTHS Product Strategy | End-to-End Ownership | Roadmaps & MVPs | Product KPIs | AI Evaluation | Cross-Functional Leadership

WORK EXPERIENCE

MU SIGMA

Product Manager - [AL] **Jun 2025 - Present**

- **Product Strategy & Roadmap:** Owned end-to-end product strategy and roadmap for enterprise AI workflow automation across Fortune 50 clients, translating business problems into prioritized use cases, PRDs, MVP scope, and delivery plans.
- **Customer Discovery & Adoption:** Led customer discovery and senior-stakeholder alignment to prioritize high-value automation opportunities; contributed to 3x client adoption.
- **Agentic AI Architecture:** Shaped reusable multi-agent AI architectures, balancing task quality, reliability, latency, cost, and scalability; supported reuse across 8+ client implementations.
- **AI Evaluation & Release Readiness:** Defined offline and online evaluation criteria for accuracy, task success, reliability, latency, and cost to guide iteration and release-readiness decisions.
- **Cross-Functional Delivery & Team Leadership:** Led delivery across a 40+ member team spanning business, AI/ML, data science, and delivery; aligned priorities, dependencies, and milestones from discovery through deployment.

VALUE GROUPS

Product Manager **Mar 2024 - May 2025**

- **End-to-End Product Ownership & Delivery:** Owned end-to-end delivery of SLA Intelligence, coordinating cross-functional execution from problem framing and MVP scoping through OCR/KPI extraction, semantic mapping, Power BI dashboards, and a subsequent RAG chatbot.
- **KPI Intelligence & Reporting:** Enabled reporting across 15 core SLA KPIs and 50+ business metrics spanning 7 document types, including measures such as OTIF, SLA compliance, lead-time adherence, damage and return rates, OTD, and in-full delivery; reduced manual processing and reporting time by 85%.
- **Conversational AI & Adoption:** Extended the solution with a RAG-based assistant for natural-language SLA information retrieval; supported adoption across 500+ teams globally and reduced KPI retrieval time by 90%.

THE TIMES OF INDIA (BCCL)

Officer - Product Owner **Mar 2023 - Feb 2024**

- **ML Product Strategy & Roadmap:** Owned ML product strategy and roadmap for advertising analytics, translating advertiser needs into prioritized capabilities across publisher partners.
- **Predictive Modeling & Ad Targeting:** Led predictive modeling for ad targeting and audience analytics, improving targeting accuracy by 40% and advertiser ROI by 30%.
- **Audience Analytics & Product Delivery:** Defined audience segmentation, behavioral analytics, and personalized recommendation capabilities; prioritized delivery using campaign insights, model performance, advertiser value, and revenue potential.

BYJU'S

Associate Product Manager **Jul 2021 - Feb 2023**

- **Growth Analytics & Experimentation:** Drove funnel optimization, experimentation, KPI tracking, and customer segmentation to identify conversion drop-offs and customer acquisition opportunities.
- **Product Delivery & Decision Support:** Translated data and ML insights into prioritized product recommendations, partnering with cross-functional teams to improve conversion, targeting precision, and acquisition efficiency.

CORE SKILLS

Product Strategy & Lifecycle: Product Strategy & Vision; Customer Discovery; Problem Definition; Value Proposition & Positioning; Market Opportunity Assessment; Competitive Analysis; Product Roadmapping; OKRs & Goal Setting; Go-to-Market Strategy; Product Launch & Adoption

Product Discovery & Execution: Requirements Gathering; PRD Development; MVP Definition; Feature Prioritization (RICE, MoSCoW); User Stories; Acceptance Criteria; Backlog Management; Agile & Scrum; Risk & Dependency Management; Stakeholder Management

Product Metrics & Business: Business KPI Definition; Product Success Criteria; Product Analytics; Experiment Design; A/B Testing; Funnel Analysis; Conversion Optimization; Data-Driven Decision-Making; Business Strategy; Revenue & ROI Analysis

AI & Technical Product Management: AI/ML Product Design; Agentic AI; Multi-Agent Systems; Generative AI; LLMs; RAG; AI Workflow Design; Model Selection; Prompt Engineering; AI Guardrails; Human-in-the-Loop; AI Suitability Assessment; AI Product Lifecycle & Governance

AI Evaluation & Reliability: Offline & Online Evaluation; Evaluation Datasets & Rubrics; LLM-as-a-Judge; Model Quality Assessment; Accuracy, Relevance & Groundedness; Error Analysis; Regression Testing; Observability & Monitoring; Latency & Cost Optimization; Production Reliability; Feedback Loops; Release Readiness

Analytics, Platforms & Tools: Python; SQL; Power BI; Azure OpenAI; Azure AI Document Intelligence; Azure AI Foundry; LangChain; LangGraph; LangSmith; Git; GitLab; OpenAI Codex; Windsurf; Claude Code

Leadership & Collaboration: Cross-Functional Leadership; Stakeholder Alignment; Executive Communication; Delivery Management; Team Leadership; Mentorship; Conflict Resolution

SELECTED PRODUCT WORK

LinkedIn Prospect Research & Personalized Outreach Agent | Working Prototype

- Prototyped a B2B workflow that qualifies prospects, researches company context, maps evidence-backed pain points to capabilities, drafts outreach, evaluates message quality, and routes drafts for human review.

CartWise - AI Shopping Advisor | Product Design Study

- Defined a B2C shopping-assistance concept around preference capture, grounded product comparisons, recommendation trade-offs, and handling missing product information.

EvalPilot - AI Evaluation & Release Management | Product Design Study

- Outlined an evaluation workflow for curated test datasets, version comparison, failure analysis, and release gates to support evidence-based product release decisions.

EDUCATION & CERTIFICATIONS

M.Tech (Part-Time) | University Visvesvaraya College of Engineering, Bengaluru | Bangalore University

Bachelor of Engineering | East West College of Engineering | Visvesvaraya Technological University

Certifications: IBM Data Science Professional Certificate | Product Management - Certisured
